

# CALL FOR ABSTRACTS

## Leveraging Technology & Partnerships for Transportation Innovation

The Institute of Transportation Engineers (ITE) invites you to submit abstracts for presentations during **technical sessions** at the ITE Northeastern District Annual Conference, to be held in New Haven, CT on May 8<sup>th</sup> -10<sup>th</sup>, 2019. The conference is an opportunity for you to connect with peers, other transportation professionals, and students from across New York, New England and New Jersey, and to share your knowledge on a transportation project, technology and/or solution.

Specific topics of interest include the following:

- Autonomous and Connected Vehicles
  - Augmented Reality
  - Infrastructure Demands
  - The Role of the Driver
- Innovation in Transportation Planning, Inspection and Design
- Transportation Partnerships for Success
- Asset Management, Performance Measurement and Making Data Driven Decisions
- Innovations in Transportation Safety
- Trends in Mobile Technology Use in Transportation
  - Social Media Impacts
  - Access and Control
  - Big Data
- Planning and designing for bicycle/pedestrian needs, where are we now?
- Innovatively leveraging Public Transit
- Developing Transportation Professionals
- State of the Practice; Transportation Technology
  - Advanced Transportation Controller
  - Detection
  - Communications

Additional topics of interest to attendees will also be considered.

If you are interested in participating as a speaker at the conference, please email Mike Knodler at [mknodler@umass.edu](mailto:mknodler@umass.edu) with your Abstract by January 15, 2019. Presentations should qualify for continuing education credits for Professional Engineers.
